## NOTICE

Numerous complaints are being made to our office in regard to county public roads being blocked by timber cutters and parties blocking road ditches after clearing fence rows and placing limbs in the ditches. The County Police have been instructed to make cases against persons who do not remove tree tops, logs, bushes and other litter which obstructs roads or ditches. All parties guilty of such above-named practices are hereby warned to immediately remove same, as cases will be made against those who do not abide by the state laws against such practices.

## Trotter Announces Plans To Elect Queen of the May

Miss Betty Jean Trotter announced Wednesday plans for the election of the May Queen and her court. Six girls from the senior class will be nominated in a senior class meeting as candidates for the leading roles. The May Queen and her Maid of Honor will be elected by the student body from the panel of six girls nominated by the seniors. The junior, sophomore, and freshman classes will elect two attendants each for the May Queen's court. The name of the Queen and her Maid of Honor will remain secret until May Day. The Queen's court consist of the six attendants elected from the classes and the four remaining girls nominated by the senior class. The theme of the May Day pageant has been selected. But will not be revealed until the principal roles have been cast. Tentative plans call for the participation of men students in the program and a formal dance the night of the pageant. Miss Jackie Ushaw and Betty Jean Trotter, of the physical education department, are producing the May Day program.

MISS EMMA JEAN BOHLER HONOR GUEST AT PARTY

Miss Emma Jean Bohler, lovely bride-elect who will be married Sunday, was honored at a party given by Miss Betty Rowse, Miss Gwen West and Mrs. Fred Darity at Miss Rowse's home on Tuesday night. The rooms were beautifully decorated with assorted spring flowers and ivy. The guests played several games in which Miss Julie Turner was a Boston lipstick fashion and Mrs. E. W. Barnes won a box of bath powder. Miss Bohler received a sterling tea set and a cup and saucer and a goblet in her chosen patterns from the hostesses. Twenty open-faced sandwiches, potato chips, olives and ginger ale with ice cream were served. Other guests at the party were Miss Lois Stockdale, Miss Dot Flanders, Miss Inez Stevens, Miss Virginia Rushing, Miss Lila Brady, Miss Myrtice Prosser, Miss Pat Prentiss, Mrs. Billy Tillman, Mrs. Arthur Morgan, Mrs. Tom Smith, Mrs. Albert Shuman and Mrs. Emerson Brannen.

Miss Bohler wore a stunning grey crepe dress which was set off by a lovely orchid.

J. C. AND THEIR LADIES ENJOY DANCE

The Junior Chamber of Commerce had a ladies' night affair Tuesday night at the Woman's Club house.

The house was colorfully decorated in cabaret fashion with the tables surrounding the dance floor and lighted candles on each table. Spring flowers were also used in attractive arrangements.

Day's attractions of the orchestra from Savannah played the music from 7 to 9 p.m. and the dance continued as a break dance. Sandwiches, potato chips, peanuts and Coca-Cola were enjoyed during the evening.

Dub Lovett, A. B. Green, Worth McDougald and J. C. Wynn served on the entertainment committee.

### There's A Hole In The Ground

IT IS ABOUT THIS TIME each year that we write our annual swimming pool editorial. This year we are going to adopt a new approach to this swimming pool business.

We've accused, we've commended, we've applauded, we've begged . . . and all we've got is a concreted hole in the ground.

Each week, until there is water in that concrete hole there will appear on this page a blank space. Let it be a constant reminder that until it is filled the young people of this community are without a swimming pool! Here it is—a hole in a concreted hole in the ground.

### A HOLE IN THE GROUND

### Where Is The Answer?

PEOPLE KEEP ASKING US, "Why can't we get some new industry in Statesboro?"

Our answer is, "We don't know!"

The answer may be figured out from the following experiences of two businesses that did want to come to Statesboro—one of which did not, and the other is still trying.

A young man is a baker. He is a good baker. Good enough that he operated the bakery at Richmond Hill, established by the late Henry Ford. When Mr. Ford died, the young baker wanted to strike out on his own. He selected Statesboro as the site on which to build a bakery business, employing several people. He found a location and when he began negotiating for the property he found that the asking price was not in accord with what he thought was a reasonable figure. He deserted Statesboro and found a more cordial reception in Claxton.

And now Claxton has a new bakery shop.

A large and well known bottling company wants to build a big, modern bottling plant in which about a score of people would be employed. Representatives of the bottling company specified a location on a main highway. But in negotiating for the locations they considered desirable they found that the asking price of the property was not in accord with what they thought to be reasonable.

A neighboring city is trying to lure this company into their community.

They may succeed.

It is not for us to say that property owners should sell their land to business interests at give-away figures. It would be unfair to us to think that this is being suggested here.

But we do believe that there is more to it than mere dollars and cents. We believe a certain degree of civic and community pride should operate in such a deal. And to ask a reasonable figure for property to be used to establish new industries here is to perform a service to the people who make up this community.

To push prices up on property selected by outside interests who wish to move in here is to perform a disservice to the community.

And therein may be your answer.

And the sad part is—there is an answer to the question, "What can we do about it?"

No Room For The KKK

COURAGE AND CIVIC PRIDE make sorry soil in which to plant seeds of hate and discontent. Courage and civic pride make rich soil in which to plant the seeds of progress and produce rich harvests in citizenship.

Several Georgia towns—some of them our neighbors—have outlawed the hooded order known as the Ku Klux Klan.

They have passed ordinances or revived existing ordinances prohibiting demonstrations and parades.

Swainsboro, Louisville, Waynesboro—towns like Statesboro—have the courage to say, in effect, "You can't sow your seeds of hate and discontent here."

A new law was passed in Swainsboro soon after the KKK paraded there last month. The new law requires permission of the Mayor and Council to stage a parade.

Louisville dusted off an ordinance passed in 1923 when the cobras were crawling in this section. It forbids public appearance in hoods or masks.

The Mayor of Waynesboro says, "We just won't allow that sort of stuff."

Wherever the seeds of the KKK come up, sorrow, dishonor and hate spread like fire.

Can you point to any good performed by this hooded group?

Can you point to any good performed by any organization whose members hide their identity under hoods?

Could you hold up your head if this hooded Klan should bloom on the courthouse grounds of Statesboro and its foul odor spread out and hover over this community?

Could you?

Statesboro and Bulloch county are not without the same courage as our neighbors.

We have the same powers and abilities to act as our neighbors.

We, too, can say, "You can't sow your seeds of hate and discontent here!"

Let's do it now—before it's too late.

less than its authorized strength—with less than 30,000 "usable" combat troops in this country.

With the theme, "A Strong America Is A Peaceful America," Army Day will remind all Americans of the role of their Army in maintaining national security and in safeguarding the peace of the world.

The U. S. Army is YOUR Army. It is a fully volunteer army, and, as such, should have the support and understanding of every citizen.

Remember Army Day—April 6.

The Almanac Says the Weather this Week On . . .

TODAY, Thursday, March 25, will be stormy. Annunciation.  
FRIDAY, March 26, will be stormy. Good Friday.  
SATURDAY, March 27, will be rainy.  
SUNDAY, March 28, EASTER, will be rainy.  
MONDAY, March 29, will bring showers.  
TUESDAY, March 30, will be fair.  
WEDNESDAY, March 31, will be fair.

. . . But Don't Blame Us If the Almanac is Wrong

This Easter-time brings us the assurance that when He comes and shall descend from heaven with a shout, with the voice of the archangel and with the trump of God, believers who sleep in Christ and those then living will be caught up together to meet Him in the air, and all will be as in the twinkling of an eye, transformed and transfigured and possessed of bodies as perfect and glorious as His own, and in these glorious and resplendent bodies we shall reign and rejoice forever.—E. P. Goodwin, D. D.

New York has its Coney Island.

Atlanta has its Sea Island.

Jacksonville has its Jacksonville Beach.

And Statesboro has its Tybee!

And it started "way back when" the Savannah and Statesboro Railway and the Central of Georgia ran excursions to Tybee.

"Way Back when Hotel Tybee was the pride of the Georgia seacoast and bathing suits were a protection against the wrath of the sea, the ire of the sun and a bulwark to grandmother's consciousness of moral goodness.

And now more and more people are making Tybee their week end vacation resort.

No early rising to catch that "S. and S." No lunch to prepare. No cinders in the eye. No crowding in the coach aisle. No fried chicken and ham spread on the pavilion.

Now, it's leave the office at 5:30, pick up the family at 5:45, seafood supper at Tom Williams' and at the beach at 7:45. Clothes slung off at 7:51, shorts and sneakers on at 7:51, stretched out on the cottage porch at 7:52.

—to do nothing for the remainder of the week end!

Who was that to say, "Oh Yeah?"

THE STATESBORO POLICE Department has a new member. The new "policeman" doesn't wear a uniform, he doesn't wear a badge, he doesn't "tote" a galling gun—and he won't give you a traffic violation ticket!

The new member of the police force is known simply as "Brownie."

"Brownie" joined the city force without benefit of a recommendation, an interview, or a by-your-leave. He just up and joined one night last week.

"Brownie" makes a regular beat. He's ready has a number of special friends along his route and thinks nothing of taking time out to take a nap in some

quiet corner—with the assurance that he cannot be fired—safe in the knowledge that he can shove off at any time he becomes dissatisfied with the citizens whom

he helps protect.

For, you see, "Brownie" is a mongrel pup that just "took up" with the local protection officers. He will not fool with any ordinary citizen. He recognizes only those in police uniform. However, the boys at the meat counter at the Bargain Corner on North Main succeed in getting a friendly visit once in a while—for they give "Brownie" a bit of meat scraps.

"Brownie" is quite adept at being friendly with those on his special list—which means he is willing to accept something to eat.

One night last week Mule Smith was in the police car, parked at a street curb. This mongrel pup patterned up to the side of the car and stood up and crossed his paws . . . and the boys

signed him up.

THE TECH BOYS at the Monday meeting of the Rotary Club had a good time. Hobson DuBoise, program chairman, presented a movie of the 1947 Georgia-Georgia Tech football game, which the Rambling Wrecks won 7 to 0.

### IT DIDN'T HAPPEN HERE!

Editor's Note: This column is designed to create dissatisfaction with the present status of Statesboro. It will consist of stories of what other communities like ours are doing, with the hope that Statesboro might realize we must be continually alert to maintain the classification of "A Progressive City."

MARIETTA'S JUNIOR POLICE, sponsored by the Lions Club and the city police department, got off to an official start last week when they were formally sworn in by Mayor Sam Welsh over WFOF for all Marietta to know that Police Chief Ernest Sanders has now help.

The new group is the result of Lion members' desire to promote and install civic interest in boys between the ages of 10 and 15. Members of the youthful force will be assigned various duties free of all dangers. J. D. Hayes, Lion chairman of activity for boys and girls, announced Wednesday—Cobb County Times.

But It Didn't Happen Here!

A MASS MEETING will be held at 8:00 p. m. Thursday, March 25, 1948, to qualify Fayetteville (Georgia) for entry in the Champion Home Town Contest sponsored by the Georgia Power Company.

The contest began March 1 and will end October 31, with the following prizes to be awarded: \$1,000, first; \$500, second; \$250, third. Best all around improvement will be the standard used by the judges to determine the winning communities.

# All's Fair

My heart follows the red bird as he darts in the old pear tree.  
My spirit soars with wisteria as it tenaciously grips a pine;  
And I wonder if the bird as he builds is not far wiser than we,  
And if the climbing flower couldn't teach us a lesson truly fine:  
For we walk with fear as we question, Is this profit or is it loss?  
And come Easter morn, we've forgotten the message of the Cross.  
Teach us to build like the red bird, to climb like a bell-cupped flower,  
With the urge and the will to follow plans made by a higher power.

**WELL, THE WHOLE TOWN WAS** agog with the Dunaway-Averitt wedding last week. And why not? "The prettiest wedding that we've ever had in Statesboro," exclaimed some, and the canopies leading out to the walks recalled movie shots of Hollywood weddings. Mrs. Inez Williams gave Jane a graphic description of the church. Some may have forgotten, but Miss Inez is quite an expert in decorating for weddings herself. In fact, she decorated the church when Jessie Olliff and Barney Averitt were married.

The church presented a picture simply out of this world—nearly 400 candles. Five hundred calla lilies, wisteria, ferns, flowers from California, and orange blossoms from Hawaii and the demand, 1,600 yards of hallowed satin ribbon—all executed according to a plan drawn on the back of an exam paper back in 1940. Who said Jack always had his nose in a book? And, in addition to the sketch of the church, there was a description of his future bride—"sweet and pretty." Elma Cannon was the one who kept the discarded exam sheet with the "plan" and produced it on occasion.

Lena Jones (Mrs. John Paul) and a bevy of workers added to the professional services and we sat and admired the results. Glenn Jennings, Jr., and Jane Averitt gave the audience a chuckle as they came down the aisle together. Jane's foot had gone to sleep and she didn't travel fast enough for Glenn. His tight grip on her arm was a masterpiece of subtle persuasion.

Among the wedding guests were dresses notable enough for the Diamond Horseshoe. Grace Waller was simply stunning in a white jersey evening dress—sleek and chic, with a shimmering skirt with color interest furnished by a wide, bright green sash belt.

Isabel McDougald was handsomely gowned in a white broadcloth silk, fashioned from material sent her by her son, Donald, while he was stationed in Japan. She wore a white evening wrap.

Jewell Parker was like a bride herself in a strapless white tulle with an overskirt quite in line with the newest fashions.

Helen Morris (Mrs. Robert) was a darling, wearing a Chinese Mandarin worn over a hand-embroidered Japanese silk evening dress. Lt. Morris had sent from Korea.

Snooping around for the unusual in the Averitt home, we discovered the Anniversary Candle

Tommy, Dr. Davis had given him (the dog) only about three days on this mundane sphere. But Tommy, with ambitions to be a veterinarian, accepted "Stupid" and promptly changed his name. He went to work on his patient (his first) and maybe Tommy has something for the dog is almost frisky now.

**AMONG THE ORGANIZATIONS** in town we found this one—a Home Economics Club composed of about 30 Home Ec graduates in the county. Miss Letta Gay is the president of the club and they plan to meet every other month. They met this week with Louise Attaway and entertaining with her were Mrs. Jim Watson and Mrs. Billy Adams. They sponsor a food demonstration for expectant mothers every Tuesday afternoon. That puts them way out in front in useful objectives.

As ever,  
P. S.: Betty Gunter's friends in Statesboro were glad to note that she tied for May Queen at G.S.W.C., Valdosta, and she and another girl will share honors at May Court there.

## LEGION AUXILIARY GIVEN MEMBERSHIP CITATION

The Statesboro American Legion Auxiliary has received Department and National Citation for its membership record, according to a recent bulletin from the state headquarters.

The local unit has been reorganized this year after being inactive for the past few years. They now have a membership of fifty-two. All ladies who have any member of their families in the American Legion, or who live in the service are urged to have lost members of their family. Mrs. D. L. Davis is membership chairman.

**Have you seen this amazing new Range?**

**The MAYTAG Dutch Oven Gas Range**

• Cooks superbly by conventional cooking methods  
• Cooks automatically; you don't even need to be there  
• Cooks by the never-equalled Dutch Oven method

Come in today and see its many features. See the Spiral Flame Broiler, shown at left. See how the Spiral Flame burners focus the heat—and save gas. Note how easily it's kept sparkling clean, because top and burner bowls are all in one piece of porcelain. In every way you'll find the Maytag Dutch Oven Gas Range is truly outstanding. ## Bulloch County Farm Bureaus

**MR. W. C. CROMLEY GIVES DATA ON PAST WEATHER CONDITIONS**

When it rains, it just rains. There is no way to figure why it rains more at one time than another, nor is there anything to the story that there is always a dry year following a wet year, according to the records kept by W. C. Cromley on Bulloch county for the past 39 years.

March, to date, has had an excess of 2.35 inches of rain, but February was slightly under normal, with January being only one-quarter of an inch in excess of normal.

The last of 1947 built up sufficient excess to cause the 1947 average to run up to 61.26, whereas the average since 1908 is only 47.55 inches.

October had an excess of 7.29 inches, November 3.33 inches, and December 4.25 inches excess. This excess in the fall of 1947, along with normal or above so far this year has caused the ground to remain too wet for farming.

The nearest approach to this rainy condition was in 1944 when it rained 11.18 inches in March as compared with the normal for that month of 3.80 inches. August of that year was also plenty wet when it rained 10.11 inches as compared with the normal of only 6.46 inches. April, with 8.07 inches, was more than five inches above normal.

And it does not always rain the first week in June, Mr. Cromley pointed out to the West Side Farm Bureau. From 1908 until 1931 it did rain the first week in June; then again from 1932 until 1943, but it did not rain until the second week in June in 1931, 1934, 1944, 1945 and 1947.

Mr. Cromley also proved to the group by records that it rains on all phases of the moon, as well as being dry on all phases. His records also proved that one extreme does not always follow another.

September, 1922, had the heaviest rainfall of any one month in these 39 years when it rained 24.34 inches. On the 26th of that month it rained 4.06 inches, and on the 27th it rained 12.75 inches.

In September, October and November of 1931 it just almost failed to rain. It rained a half-inch in September and October, but there were no cloudy days in either of the three months. February 3, 1917, was the coldest day with 10 degrees. August 20, 1925, and September 4, 1925, with 107 degrees were the hottest days.

April, 1925, had nine days that were above 90 degrees; May 23 saw 100 degrees; June had 7 days above 100; July had 10 days

## RATS TAKE THEIR TOLL

Rats destroyed or damaged 200 million bushels of grain last year, according to estimates of the U.S. Department of Agriculture. If this amount of grain were all wheat, it would be enough to supply one pound of bread every day for a year to 36 million people. One rat will eat or damage \$20 worth of food, feed and property a year which means that nation pays two and one-half billion dollars to keep its rats.

## MUCH INTEREST SHOWN SESSION OF FOLK GAMES

Folk games will be a major 4-H Club recreation activity in the future, if the interest shown by 150 club members and advisors displayed here last week is any indication.

M. L. Van Winkle, extension specialist, worked with club members from every club in the county on Thursday and Friday nights at the high school gym. The approximately 150 who attended entered into every game with the spirit of learning them to take back to their clubs. Mr. Van Winkle stated after the last session that the group was most attentive and seemed to be greatly interested in the work.

Games such as Grand March, Captain Jinks, I Want to Be a Farmer, Sicilian Circle, Portland Fancy, Hinky Dinky Parle Voo, Sunday Land, Doo Dee, Chimes of Dunkirk, and Virginia Reel were taught.

Prior to the two-day course, each of the 4-H clubs had named at least two boys and two girls to attend. Since most of these games are played in groups of four, this gave each club at least enough representatives to teach any of the games to the other club members. Many more than the delegates named attended the short course.

**It's a Complete New Buick Engine and We'll put it in Your Car at a Price You'll hardly Believe**

YES sir, here's a big bargain for Buick owners—a brand-new straight-from-the-production-line Fireball engine. We'll put it in any Buick from 1937 models on up.

We'll take out your old mile-weary engine, put this one in, and make your car brand-new again as far as power is concerned.

Pep and snap come back—right up to 1948 standards. You get new-engine mileage from every gallon of gas. Oil consumption drops. And you enjoy the thrill of the liveliest, most responsive engine on the road today—the same engine that makes Buick the

snappiest car on the highways.

Think what this will mean to you—in comfort of driving—in new dependability—in sheer fun. Think of the extra worth of your car when it comes time to turn it in.

As to cost—it's so moderate it makes this change-over today's best power buy. Installation cost varies somewhat with car model. But we'll be glad to give you the figure down to the dollar if you'll drive around.

Don't put it off. Make up your mind to drive a 1948-powered car now. Come in and talk it over.

**A Delight to Handle**  
A "smoothie" if there ever was one! This new clutch with its easy, toe-touch response makes driving more fun than ever.

## GEORGIA COW QUALIFIES FOR MEDAL OF MERIT

Fillipal Wondrous Sparkle, owned by J. L. Hutcheson, Jr., of Rossville, has qualified for an American Jersey Cattle Club Medal of Merit with a 305 day class AAA record of 15,738 pounds of milk containing 788 pounds of butterfat.

## TREAT COTTON SEED

Tests of cotton seed grown last season indicate that the seed is heavily laden with seed-borne diseases. If a thorough seed treatment job is not done, poor stands and poor yields are bound to result, cotton specialists of the Extension Service say.

## PROPERTY LOSS FROM FIRE

Much farm property loss from fire is due to improper wiring. Take a few minutes off and inspect your own. Look for improper size fuses, worn or frayed insulation, broken wires, overloaded circuits, poor ground connection and unsoldered joints. Any of these may cause a short which will lead to the igniting of any inflammable material near.

## BACKACHE

For quick, satisfactory relief of backache, try the new Buick engine. It's the complete new Buick engine and we'll put it in your car at a price you'll hardly believe.
